About the Department of Physical Medicine and Rehabilitation

The Department of PM&R is designated as an academic department of Temple University School of Medicine and a clinical unit of Temple University Hospital. It is a major education center for medical students, residents, fellows, and students with the medical staff active in presenting scholarly reports to regional and national meetings, publishing, and pursuing a variety of research projects. The department has an active inpatient consultation service, extensive resources for outpatients, and facilities for electrodiagnostic testing and injection procedures in addition to 22 DRG-exempt acute level rehabilitation beds at Temple University and Jeanes Hospitals.

About Mid Atlantic Spine and Pain Physicians

Mid Atlantic Spine and Pain Physicians (MASPP) is the most comprehensive pain practice in the U.S diagnosing and treating spine and pain related disorders. With locations in Delaware and Maryland, this preeminent pain practice is staffed with a team of top-rated, board certified physiatrists, chiropractors, and licensed practitioners providing individualized treatment for patients in a very compassionate and caring setting. The group provides an array of patient care right onsite, including two modern clinics, outpatient surgery center, diagnostic imaging, chiropractic care, physical therapy, a sleep lab, among other services. For more information, visit www.midatlanticspine.com or call 302-369-1700.
