Doctors from Mid Atlantic Spine and Pain Physicians to Present at AAPM&R 70th Annual Assembly

NEWARK, DE – (July 6, 2009) – A group of doctors from Mid Atlantic Spine and Pain Physicians (MASPP), the most comprehensive pain practice in the U.S diagnosing and treating spine and pain related disorders, will together present “Advances in Spinal Cord and Peripheral Nerve Stimulation”, a Spine/Spinal Cord Injury Educational Track, during the American Academy of Physical Medicine and Rehabilitation (AAPM&R) 70th Annual Assemble and Technical Exhibition, October 22-25 at the Austin Convention Center in Austin, Texas. The physicians presenting include: Frank J. E. Falco, M.D., C. Obi Onyewu, M.D., Renato Vesga, MD, Tony Al-Amin, M.D., Allan Vrable, D.O., and Jeff Berger, D.O.

The presented course, “Advances in Spinal Cord and Peripheral Nerve Stimulation”, will provide a discussion of the clinical application of spinal cord and peripheral nerve stimulation in the treatment of painful disorders other than extremity pain and incorporate the indications, contraindications, equipment, technique, complications, and individual experiences in treating atypical pain disorders such as occipital headaches, genital/rectal pain, and coccydynia.

The AAPM&R 2009 Annual Assembly presents the opportunity to interact with the most PM&R physicians and providers at any event this year. The event offers over four days brimming with a variety of educational opportunities, professional exhibits, research presentations, and networking events all geared specifically to the needs of today’s PM&R professionals. For information on the assembly, To learn about the Assemble, visit www.aapmr.org/assembly.htm.

About the American Society of Interventional Pain Physicians

The American Academy of Physical Medicine and Rehabilitation (AAPM&R) is the national medical specialty society for physiatrist, physicians who specialize in physical medicine and rehabilitation (PM&R). The specialty began in the 1930s to treat musculoskeletal and neurological problems: AAPM&R was founded in 1938. AAPM&R serves its members and their patients, other health professionals and society by fostering excellence in physiatric practice, education, and research. AAPM&R has more than 7,000 members, representing nearly 9 in 10 of all practicing PM&R physicians in the United States. For more information, visit www.aapmr.org.

About Mid Atlantic Spine and Pain Physicians

Mid Atlantic Spine and Pain Physicians (MASPP) is the most comprehensive pain practice in the U.S diagnosing and treating spine and pain related disorders. With locations in Delaware and Maryland, this preeminent pain practice is staffed with a team of top-rated, board certified physiatrists, chiropractors, and licensed practitioners providing individualized treatment for patients in a very compassionate and caring setting. The group provides an array of patient care right onsite, including two modern clinics, outpatient surgery center, diagnostic imaging, chiropractic care, physical therapy, a sleep lab, among other services.
